

**50 Years of Filtration Reliability**

**Honeywell**

# **Honeywell Air Cleaners**

**PERFORMANCE. RELIABILITY. FLEXIBILITY.**

# Honeywell Air Cleaners

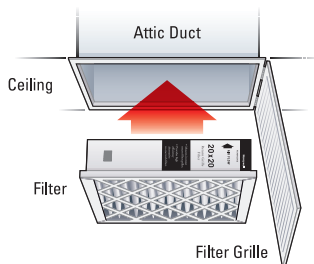

Honeywell offers a complete line of High-Efficiency Electronic Air Cleaners, Media Air Cleaners and Replacement Filters to serve your customers of the past, present & future while building your business.

**Grow your business with Honeywell's full line of roll-formed Media Air Cleaner cabinets.**

With six sizes to maximize installation flexibility, and pre-assembled MERV 10 & 11 cartridge filters, you'll save installation time by reducing difficult transitions and eliminating media filter assembly.

**Install product you can trust.** With a 50 year history of performance and reliability, Honeywell Whole-House Electronic Air Cleaners provide the optimum blend of high performance and low static pressure.

**Service your existing Space-Gard® / Aprilaire® 2200, 2250, & 2400 base with Honeywell's collapsible media replacements.**

Honeywell collapsible media replacement filters save installation time with a pleat-spacing guide string. With MERV 10 efficiency, and static pressure at 0.20 in. w.g., Honeywell replacement filters offer everything needed to enhance your existing business.

**Benefit from Honeywell's cutting-edge product development with industry-exclusive new products** such as the Return Grille Filter which places 4" of filtration in a space typically reserved for 1" filters. Available in 17 sizes.

**2 POWER POINTS**  
PER 5-PK
